**Subject:** Valley Hi Dispensary

As a business owner and full time resident of Winter Park I honestly have to say the Grand County Commissioners have lost their mind. There is not one business person or full time resident that I have spoken to that is in favor of this dispensary.

We are a family oriented resort town. Visitors do not need to see the green plus sign as the first thing they see when they enter Winter Park. As far as they know it is Winter Park not Grand County. Our town counsel who understands our town 1000 times more than you do unanimously opposed this business. I have seen petitions with more signatures than registered voters against this location. It is right 40, right on the bike path, too close to Hideaway park and not what residents or business owners want.

Let's get down to brass tacks. They **ONLY** reason you approved this is because the county will be losing their largest tax generator when Henderson mine closes. I suggest you attempt to bring in REAL businesses that will bring successful people to town who will spend money in our town and county. Given the access to high speed internet and our quality of life to go after tech companies that can have offices her that will not destroy the quality of life we all love.

Don't scare families vacationers away with people buying and smoking pot on main street. I know it is against the law but I see it and smell it all the time. This will just make it worse. In the end you will be costing Winter Park and the county more money than you are bringing in.

One last thing:

I honestly do not care if people smoke pot. There are plenty other places to buy product within a very short drive or ride on a FREE bus that our town just provided. This business will bring more losers to town that suck off the system, cause more traffic incidents, smoke in public and just don't care about adding value to our town.

Stop relying on our crazy state law regarding legal marijuana to generate revenue. VOTE THIS DOWN!!!!!!!!!!

Thanks,
