Subject: Dispensary

To whom it may concern;

Our names are Bill and Brenda Mowle and we own property in Winter Park at 490 Kings Crossing, in the Silverado II complex.

We are opposed to the application to put a marijuana dispensary on US 40 in the Valley Hi Motel. We enjoy spending time in Winter Park with our 2 children and feel this would tarnish the family friendliness of the downtown Winter Park area. I also don't want marijuana to be so accessible to those going skiing. It would be devastating to have a tragic accident on the ski mountain because someone was under the influence of marijuana and their judgement and reaction times were impaired. I believe a dispensary would attract undesirable people to the town and resort.

Thank you,
Bill and Brenda Mowle
