Subject: oppose marijunana on main street

Dear Grand Clerk,

I am writing to say that I strongly oppose marijuana on Main St in Winter Park. There should not be a dispensary on US 40 in the Valley Hi Motel as you enter winter Park.

Winter Park is a family resort. There are so many good improvements happening in town. This will be a definite negative for the town and I believe will hurt its reputation and business in the long run

We bought our house in Fraser for a family home for our children and grandchildren to be able to ski and have summer and fall fun in Winter Park.

Winter Park is a family place and marijuana has no place in a family resort town.

Thank you very much.
