Subject: Re: I strongly Oppose Marijunana on Main Street in Winter Park

Dear Grand County Clerk,

I am the new owner of 8 Anglers Way in the Rendezvous and I very strongly oppose the proposed dispensary on US 40 in the Valley Hi Motel. Winter Park has many families and small children that reside in or visit the area. The many family events and family focus are totally inconsistent with a marijunana dispensary.

We have just closed on our townhome and one of the major reasons we purchased there was due to Winter Park and Fraser's well earned family friendly reputation. A dispensary would severely damage this reputation, damage the businesses and be the wrong influence for the children. There is a dispensary in Tabernash that presently serves the desires of those who want to purchase marijunana.

In summary, I very strongly oppose the proposed dispensary at the Hi Valley Motel.

Respectively,

HUGH
