

Dear Grand County Commissioners,

I believe opening an Igadi location in Granby will increase the economic growth within our county, provide more job opportunities, and be tremendously more convenient for those of us in the Granby, Hot Sulphur Springs, and Kremmling locations. I feel having a dispensary in Granby is absolutely no different than having a liquor store right up the Street from it. It is in a perfect location and would do much more good than it would harm.

Sincerely,

2019 NOV -1- PM 4: 20
