Grand County Commissioners,

Please be advised as a resident of the Town of Granby, that I am not opposed to a marijuana dispensary being located at the edge of Granby within Grand County's jurisdiction. The dispensary is allowed under Colorado law and would operate under the rules of the State and the County. From a business aspect, I don't believe that it would be detrimental to the Town of Granby. I believe that it would be convenient for visitors who may linger a bit more in Granby rather than spend their dollars elsewhere. Unlike the other dispensaries in the County, the location is in a commercial business district with no permanent homes or schools nearby. This would also provide an option to visitors and local residents from driving to Tabernash for their products.

Please note that these comments are from me personally and may not represent the opinions of my employer.

Thank you,

Frank DeLay
