

Lodging Tax

In accordance with Colorado Law; Grand County requires the collection and remittance of Grand County Lodging Tax, Grand County Sales Tax and Colorado Sales Tax on the prices paid or charged to persons for the transaction of furnishing rooms or accommodations for nightly rental (including, but not limited to, homes, apartments, condominiums, hotel rooms, mobile homes, trailers, and camp sites). Nightly rental is for any number of days less than 30 per rental property.

Management companies generally collect and remit all applicable taxes for property owners in accordance with a rental agreement. The collection and remittance of taxes is ultimately the responsibility of the property owner. Check with your management company to make sure all taxes are properly collected and remitted.
