

12/4/15

Grand County Board of Commissioners
 308 Byers Ave.
 Hot Sulphur Springs, CO 80451

Commissioners:

We the undersigned property owners within Grand County wish to express our complete opposition to any and all retail marijuana stores, cultivation facilities, product manufacturers, testing facilities or warehouses along Highway 34. Many of us live within the Pine Beach and Lyons Homestead subdivisions and believe we represent the vast majority of property owners along Highway 34. It is our belief that retail and/or medical marijuana outlets will lower the property values in the area and bring undesirable clientele to the area. As you know, Grand Lake is a family-oriented, resort-type community and as such does not need to have such outlets near the town center, the entrance to RMNP, or residential and vacation properties along Highway 34. We respectfully ask that you do NOT approve any licenses for marijuana-related businesses near or along Highway 34.
