**Subject:** pot shop

Sara et al,

We need to stop this idea. It is my understanding that Serene Wellness Marijuana is trying to open a pot shop next to a Winter Park Children's Bus Stop and Hideaway Park Playground.

I find it totally objectionable on several levels. I find marijuana use stupid and dangerous in general (I've personally experienced pot heads driving at twenty MPH in 65 MPH zones and nearly causing me to pile into the cars ahead - twice now - anyone wishing details let me know) but at this location? Unacceptable.

The licensing at this location should be denied.
