**Subject: Regarding Grant A Retail Marijuana Store**

Regarding: Serene Wellness V CCA dba Serene Wellness Winter park LLC request for licensing at 792025 US Highway 40, Units 5 & ^

We strongly object to having a marijuana store in Winter Park and granting this license. We ask that you not do this.

Winter Park is a family community with many family resort offerings. We must work to preserve that wonderful family aspect of Winter Park.

Marijuana is sold in other areas of Grand County and in Empire. There is no need for this store in or around Winter Park. Even worse, we do not want this store at the entry, when what we want to do is extend our welcome to families and guests who love our unique experience. We, as property owners, do not want this license to be granted. Our property is in the affected area. We find this unacceptable. We cannot object more strongly to this license. Please hear us.

Sincerely,

Cathey M and Richard Finlon
