Subject: Dispensary in Winter Park

My wife and I own a townhouse at Kings Crossing Solar Townhomes. Our physical address is 151 Kings Crossing Unit 6, Winter Park. We are vehemently opposed to a dispensary being allowed at the Valley Hi Motel on Hwy 40 in Winter Park. Currently there are plenty of dispensaries in the area so it is not needed. Winter Park is known for being a family resort & there is nothing family about a marijuana dispensary. It would be bad enough if there was one anywhere in town but this proposed location is much too visible. Is a marijuana dispensary the first thing we want visitors to see as they enter our town? I hope not! Also do we want it that close to childrens' recreational activities? No! We need to support our city and business leaders in their opposition to this ludicrous idea. Please help us keep Winter Park and area free from this marijuana dispensary.

Respectfully, Schuyler & Phyllis Stuckey.
