Subject: Keep weed off main street - Winter Park

Grand County,

We are fully opposed to application to put a dispensary on US 40 in the Valley Hi Motel. We fully support the Town Council of Winter Park and the Winter Park Resort in their opposition of the application. We don't need another dispensary to further erode the good names of Winter Park, Fraser and Grand County. The Fraser Valley and family values are being destroyed by existing dispensaries.

(We are residents not part timers and had property in the valley for over 40 years)
