**Subject:** **We oppose marijuana on Main Street**

Address: 514 Trailhead Circle, Winter Park

Owner: Kevin and Jill Pasqua

Dear Grand County Clerk,

We vehemently oppose a dispensary in any building on Main Street in Winter Park. We believe this would negatively impact the economy in Winter Park as many people come to the ski area because of its family atmosphere. We believe this would negatively impact most businesses in Winter Park. We have seen this impact directly. Our condo is for personal use and rent. When we have rented to individuals that have used dispensary services we have had more damage to our property and have had to pay extra cleaning fees. We also know that the individuals missed an entire day of skiing because they noted their activities in our guest book. This is not the kind of trade we want in Winter Park.

Best Regards,

Kevin and Jill Pasqua
