Subject: Application for marijuana store by Serene Wellness, Winter Park

To: Grand County Clerk & Recorder

Serene Wellness LLV has made an application to operate a retail marijuana store at 79025 Highway 40 in Winter Park, CO. This site is less than two blocks from our home. This location is actually a budget type motel/hotel located on the Main Street of Winter Park and is virtually the first businesses you see coming into the town of Winter Park. (Since when it is allowed to operate businesses out of motel rooms?)

I am vehemently OPPOSED to such an operation here in Winter Park. We have been homeowners at 203 Village Drive, #11-21, Winter Park, for over 20 years. This is NOT the type of businesses we would like to see in our community. I am always appalled driving thru Idaho Springs & Empire anymore and seeing the number of marijuana "dispensaries" lining their streets. This is NOT what we want to see happen in Winter Park.

Please note for those hearing this application that I am absolutely OPPOSED to this request for this type of business in our community.

Thank you for your consideration,

Betty Springer
