**Subject: Dispensary in Winter Park Main Street**

I wanted to write to you regarding my concern over a potential dispensary in Winter Park on the main street going through town. I have owned a condo in the City of Winter Park for many years. Additionally, my family has long ties to the county. My parents were original cabin donors at the YMCA Snow Mountain Ranch in the 1970's. We have been involved with the Winter Park area ever since. I grew up spending summers and holidays in the Winter Park area. I have done the same thing with my family because Winter Park is such a great place for kids. I am very against any type of dispensary on the main street in the City of Winter Park.

I hope that you can share this with the local politicians as this is discussed further. My hope is that the politicians and government officials will take into account the wishes of the property owners who have supported the community through the ups and downs of the economy.

Should you have any questions, please feel free to contact me at 214-616-0655.
