Subject: Oppose Marijuana on Main Street

I apologize for this being late but still felt compelled to voice my family's opinion. Winter Park doesn't need a marijuana store at the entrance to the city. The natural scenery doesn't need to be littered with that kind of consumption. If a resident or visitor is compelled to purchase marijuana, there are already a couple of stores on the other side of town.

One of the compelling items about WP is that it is less travelled and more family friendly than other nearby resorts. That's why we purchased a home at 102 Cirque Way. We have considered selling it and purchasing a much larger home there this winter. Additionally, my wife and I have entertained the idea of retiring to WP when the kids have left high school. Bringing this element (product and lack of business acumen and ethics) to WP makes us strongly reconsider. If I'm willing to reconsider, I'm sure many others will to.

Thanks and keep up the fight to keep this out of Winter Park.
