My wife and I received a notice regarding this meeting, we presume because of our ownership of Lots 14, 15A, and 17 in the Stagecoach Meadows subdivision. Our address is 1256 Stagecoach Drive, CR5171.

We strongly oppose any and all expansions of the drug culture into Tabernash or anywhere in Grand County. Fraser is already well known as an "easy place to score". We have owned second homes in Grand County for almost twenty years, and we were planning on retiring there in 2017. However, the rapid growth of a drug culture in the county is having us reconsider that decision. Don't drive us out with another "nail in the coffin" approval of this request by RM Concepts LLC to renew or expand their license. Thank you.
