Re: Cover Letter for RM Concepts, LLC Medical MIP License Renewal

To Whom It May Concern:

RM Concepts, LLC is a medical marijuana infused product manufacturer (MMIP) located at 60 County Rd., Units 1 & 3 in Tabernash, CO. RM Concepts also owns a Retail MIP at the same location. Applicant's principal business activity involves extracting oils from cannabis for wholesale to marijuana dispensaries and other infused product manufacturers.

Applicant does not engage in the production of food for human consumption. Rather, applicant makes oils derived from cannabis, which are then sold on a wholesale basis to other marijuana licenses.

There have been no changes in applicant's marijuana business/management plan, except that we have included a description of our security plan in the marijuana management plan in order to comply with renewal requirements.

Sincerely,

A handwritten signature in black ink, appearing to read 'Rudy Miick', written in a cursive style.
